

## Internet Fraud

- Make sure that your antivirus software and antispyware programs are up to date. Install programs only from a trusted source.
- Use legitimate websites. If you're not sure, research them.
- Turn off your computer completely each day. Computers left running are more vulnerable to hackers and identity thieves.

If you think you've been a victim of internet fraud, report it to the FBI's Internet Crime Complaint Center at [www.ic3.gov](http://www.ic3.gov).

*Here are some [additional tips and resources](#) to prevent fraud and identity theft*

### THE AMERICAN ASSOCIATION OF DAILY MONEY MANAGERS (AADMM)

AADMM is a national membership organization representing individuals and businesses in the growing profession of daily money management. These professionals provide financial services to seniors and older adults, people with disabilities, busy professionals, high net worth individuals, small businesses and others. AADMM's mission is to support daily money management services in an ethical manner, to provide information and education to members and the public, and to develop a network of dedicated professionals.
